Traineeship vacancy

You are excited to empower refugees and migrants to follow their dreams and contribute socially and economically to their society? Then join Skilllab for a traineeship in Amsterdam!

About Skilllab

Skilllab builds technological solutions to one of the most pressing issues of our time: the integration of refugees and migrants in local labour markets. Specifically, we are developing a skill assessment mobile app that maps the skills of refugees and migrants fast and in their native language. Read more about our technology and who we are.

Your tasks

Among others, you will…

* Support the delivery of skill assessment workshops
* Help to prepare and deliver usability tests
* Assist collection of user feedback through interviews, focus groups and user feedback council

Your attitude

We care more about your attitude than if you already have experience with the tasks you'll be working on. You are…

* Excited to learn new things and challenge yourself
* Motivated to help and support mobile users
* Able to work autonomously, as well as in a team
* Excited about working in a purpose-driven organisation
* Curious to address social problems through technology

Other requirements

* Fluent English, plus another language such as Arabic, Tigrinya or Farsi
* Based in Amsterdam or surrounding Dutch cities in commuting distance
* Available for 2-3 days/week (18-24 hours) over a 3-6 months period
* Available for expected starting date beginning of October 2019
* Ability and willingness to travel to other European countries

Benefits

* Great learning opportunity to work in one of the globally leading software start-ups in the field of Artificial Intelligence (AI) for social good
* Reimbursement of 240 Euro/month for a 3 day/week (24 hours) position
* Working space in one of Amsterdam's nicest office environments
* Certificate upon completion and participation one workshop per month organised by NewBees

Application deadline 23.09.2019

Send a 1-page CV and 1-page application letter to Azza El Hayek via a.elhayek@skilllab.io Please shortly answer these two questions in your application letter: What motivates you to conduct this traineeship at Skilllab? Why are you the right person for this traineeship?
